Re: **VPDES Permit No. VA0090719 Reissuance**
Windy Gap Elementary School WWTP

Dear Mr. Spencer:

Your VPDES permit is enclosed. A Discharge Monitoring Report (DMR) form is included with the permit. This permit supersedes the previous VPDES Permit VA0090719 issued to this facility. A Discharge Monitoring Report (DMR) form is included with the permit. The first DMR required by this permit for monthly monitored parameters is due on **September 10th** for the month of August 2016. The first DMR for the semiannual monitored parameters is due by **February 10th** for the months of August 2016 through January 2017. The first DMR for the quarterly monitored parameters is due by **April 10, 2017** for the months of January 2017 through March 2017. Please continue submitting DMRs electronically using the E-DMR system. If you still have DMR data to report as required by the previous permit, please submit it as an attachment to the first DMR required by this permit. Monitoring results on the DMRs should be reported to the same number of significant digits as are included in the permit limit for the parameter.

Alternatively, any owner under Section 62.1 - 44.16, 62.1 - 44.17, and 62.1 - 44.19 of the State Water Control Law aggrieved by any action of the State Water Control Board taken without a formal hearing, or by inaction of the Board, may demand in writing a formal hearing of such owner's grievance, provided a petition requesting such hearing is filed with the Board. Said petition must meet the requirements set forth in 9 VAC 25-230-130

(Procedural Rule 1-- Petition for formal). In cases involving actions of the Board, such petition must be filed within thirty days after notice of such action is mailed to such owner by certified mail.

If you have questions about the permit, please call Becky L. France at (540) 562-6793 or becky.france@deq.virginia.gov.
